Urinal flush valve	3				
Bath domestic	4				
Taps (garden/garage)	5				
Non-domestic kitchen sink DN20, bath non-domestic	8				
Flush valves DN20	15				

#### Section 5: Environmental Incentives

United Utilities offer environmental incentives for homes built to meet certain criteria.

Details of our environmental incentives and how to apply can be found on our website at [unitedutilities.com/builders-developers/guidance/our-charges/new-connections-and-developer-services/](https://unitedutilities.com/builders-developers/guidance/our-charges/new-connections-and-developer-services/)

Applications for environmental incentives must be made alongside this application.

Please tick the below box to confirm you want the development to participate in UU's environmental incentive scheme and that all relevant application information has been provided alongside this application form.

By not ticking this box you accept that the development does not want to be eligible for any environmental incentives.

#### Section 5: Checklist

Plan showing preferred bulk connection location	<input type="checkbox"/>
LOA from Developer	<input type="checkbox"/>
LOA from NAV	<input type="checkbox"/>
Drainage layout plan	<input type="checkbox"/>
Schematics (for apartment blocks only)	<input type="checkbox"/>

#### Section 6: Declaration

**By submitting this form, I confirm that:**

- I have provided all the information requested, including supporting documents to the best of my knowledge.
- If I've requested a formal quote I agree to pay the application fee based on the current charges.
- I understand that this application is for a NAV source of water supply and that the application for the bulk agreement needs to be made separately. If the connection is made and pieced up before the bulk agreement is in place then the site will be considered served by United Utilities.
