

Application for a self lay point of connection

Water for the North West

Getting water for your new development - detailed planning stage

This application form should be used at detailed planning stage of your development, if you are considering using a self lay provider (SLP) to design and install your new water mains and service connections.

If you would like a quotation from UUW for providing your new mains and services, please complete an “**Application for a new water main (requisition)**”, which is available on request or from our website unitedutilities.com/builders-developers/

If your enquiry is for a development of up to 500 domestic dwellings, we aim to reply within 14 calendar days of getting your completed application. For larger enquiries and those with non-domestic water demand, we may need additional time to consider your enquiry. If this happens, we will contact you within 14 calendar days with an alternative reply date.

Once completed please return this form, by e-mail to selflay@uuplc.co.uk or by post to:

United Utilities Developer Services, 2nd floor Grasmere House, Lingley Mere Business Park, Lingley Green Avenue, Great Sankey, Warrington, WA5 3LP.

If you need help or assistance please call us on **0345 072 6067**.

Section 1: About you			
Are you <i>(please tick)</i>	<input type="checkbox"/> A developer <input type="checkbox"/> An SLP* <input type="checkbox"/> A Consultant* <input type="checkbox"/> Other* <i>(please indicate)</i>		
Your name			
Your company's name			
Your contact address <i>(including postcode)</i>			
Daytime telephone number <i>(a mobile number is fine)</i>			
Email			
*Tip: <i>If you are not the developer, you will need to provide a letter of authority from the developer</i>			
Letter of authority attached	<input type="checkbox"/> Yes <input type="checkbox"/> No <i>Without the letter of authority we will not be able to proceed with this application</i>		
Section 2: About the development location			
Site Address <i>(or nearest main road)</i>			
Site grid reference <i>(mid point)</i>			
Planning permission reference no.	Date issued	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	
Water Pre development enquiry	<input type="checkbox"/> Yes* <input type="checkbox"/> No	*If Yes please provide date issued	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>
Site contact name			
Site office telephone			
Section 3: Infrastructure Credits			
Has the site had a water supply in the last 5 years?	<input type="checkbox"/> Yes* <input type="checkbox"/> No		
<i>*If yes please provide the following details, this will help us to give you the value of and duration of infrastructure credits available</i>			
Previous household supplies			
Number of connections on the site			
Approximate date of disconnection	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>		
Previous non – household supplies			
Number of connections on the site			
Approximate date of disconnection	<input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>		
Type of premises			
Number of employees on site			

Section 4: Service connections

Household premises

How many new standard water connections (25mm) are planned								
How many new non standard connections (>25mm) are planned	32mm		63mm		90mm		Other sizes	
How many metered household units are being served from these nonstandard connections (e.g. 2x63mm each supplying 4 units = 8 units)	Total units		Total units		Total units		Total units	
Anticipated date of first connection	DDMMYYYY		Anticipated date of final connection	DDMMYYYY				

Non household premises (please attach an additional sheet if needed)

Plot number	Floor space		Building type (see key below)	Volume required m3/day	Flow rate l/s			Anticipated connection date
	Sq metres	Sq feet			Max	Mean	Min	
								MMYY
								MMYY
								MMYY
								MMYY
Total								

Non household building types

Building type	Type number	Building type	Type number	Building type	Type number	Building type	Type number	Building type	Type number
School	1	Retail store	3	Nursing home	5	Hotel/pub	7	Factory	9
University	2	Office	4	Hospital	6	Leisure centre	8	Unspecified	10

Section 5: Have you included your supporting documents?

Site location plan: an Ordnance Survey (at 1:2500) is the ideal drawing?	<input type="checkbox"/> Yes
If available a site layout plan:	<input type="checkbox"/> Yes

Section 6: Declaration

By submitting this application I confirm that:

- I have provided all the information requested, and
- I agree that United Utilities may use the supporting information provided for any purpose connected with this application

Name		Company	
Position		Date	DDMMYYYY
Telephone		Mobile phone	

When can I expect to get my point of connection?

- For developments up to 500 dwellings we expect to reply within 14 calendar days
- For developments larger than 500 dwellings or where there is a requirement for non-domestic water (e.g. for factories or industrial use), we may need to carry out investigation work, if this happens we will contact you within 14 calendar days of your application with a firm date when your reply will be ready
- We will always contact you within 5 calendar days of receiving your application to confirm we have all the information we need or to ask you for any additional information that we may need

Charges

We don't make an application charge for providing a point of connection if the site will use water for domestic purposes only.

If your site will use water for non-domestic purposes (e.g. a factory or industrial process), we will confirm our application charge 3 working days after receipt of your application. You will need to make this payment before the point of connection can be provided to you.

About us

United Utilities is the North West's water company. We keep the taps flowing and toilets flushing for seven million customers every day. From Crewe to Carlisle, we work hard behind the scenes to help your life flow smoothly.
